

Bryan Memorial Gallery  
Montreal Museum of Fine Arts Tour  
**Chagall: Colour and Music**  
Mickey Myers, Tour Host  
Tuesday, May 23, 2017

Meet your tour host Mickey Myers and Goodspeed & Bach trip director Deb Flanders. Depart for Montreal and the Museum of Fine Arts. Upon arrival lunch is planned at the Beaux- Arts Restaurant at the museum. Chef Laurent Godbout, who owns Chez l'Épicier in Montreal and Palm Beach, is known for his creativity and a cuisine inspired by the tastes of Quebec.

Afterward we'll meet our private guides who will take us through Chagall: Colour and Music, the biggest Canadian exhibition ever devoted to Marc Chagall. Featuring 340 works of art and a large selection of documentary works, including films, photographs and musical excerpts, this multidisciplinary exhibition is the first to focus on Chagall's profound connection to music in his life and work. Through this original approach, the exhibition demonstrates how all of Chagall's work, from his paintings, sculptures, stained glass and tapestries, to his creations for the stage and his large-scale decorative and architectural projects, were imbued with musicality. There will be time to explore the exhibit on your own and visit the other parts of the museum. We'll return in the early evening for Vermont.
